## **RESPONSIBLE DISTRIBUTION**

**Customer Policy  
for  
*PRODUCT STEWARDSHIP***

As a member of the national Association of Chemical Distributors (NACD) we are committed to the Responsible Distribution Process.

We will work with our customers to ensure the safe handling, storage, use, distribution and disposal of our products in order to protect the health and safety of employees, communities and the environment.

We request that you review your current operating practices and identify actions you take to reduce risks and improve your safety, health and environmental performance.

As a valued customer we pledge our support to you in helping you achieve these goals and understand the expectations of the Responsible Distribution Process.
